Ellsworth AFB Retiree Newsletter

MESSAGE FROM THE 28TH BOMB WING COMMANDER

August 1, 2012

Greetings from Ellsworth Air Force Base and the 28th Bomb Wing! You can be proud of the legacy you established and the impact your service had on our Nation. Today, our Airmen continue to meet challenges and accomplish the mission at home and deployed.

I invite retirees and their families from all branches of the military services and all ranks to Retiree Appreciation Day at Ellsworth, scheduled for Sept. 14, 2012. Events include a luncheon at the Dakota's Club from 11 a.m. to 1 p.m., featuring door prizes. Additionally, the Commissary will distribute 10 \$25 gift cards, the Base Exchange will distribute a \$100 gift certificate, the 28th Force Support Squadron will give two golf and two bowling certificated and the Sentinel Federal Credit Union will provide a \$100 gift card. The Ellsworth Base Exchange will offer more door prize drawing and key support organization will set booths to provide important information to retirees and their families. The Vet Van will be parked in front of the BX Sept. 14, 2012 from 9 to 11ap.m and 1 to 3 p.m.

If you have any concerns. Please let me know by calling my Public Affairs office at (605) 385-5956. We value your continued support of our Airmen and their Families.

//Signed//

Mark E. Weatherington, Col, USAF
Commander, 28th Bomb Wing

A note from the Retirees Activities Office Director: We are continuing to have the Quarterly Retiree Council's Luncheons at the Dakota's Club. They are open to all branches of service, ranks, spouses and widows. I would like to thank Colonel Weatherington staff and all who helped with the newsletter and the 2012 Retiree Appreciation Day. The many volunteer hours contributed in the service of the military retirement community have not gone unnoticed.

The Retiree Office is always in need of volunteers. If you have a few hours available during the week and would like to join our work force, please give me a call at (605)385-3600 or stop by the Retiree Activity Office. Located in the 28th Medical Group, Room 1V28 hours are 9:0 a.m. to noon, every Monday, Tuesday and Thursday.

Thanks for your support!

//Signed//

LEROY J. FOGLE, Sr., TSgt (Ret), USAF

28th Bomb Wing Staff Judge Advocate (Legal Office)

Preparing a will is the best way of providing for your family. This legal document determines who will receive your property and in what amounts. Your will alleviates worry for your family and makes life a little easier during a very difficult time. If you do not have a will, you die "intestate"; meaning

your property will be distributed according to the laws of the state in which you reside, which may not be your intention. Your children, spouse or other family members may not receive the protection you would have desired. The process of

finalizing your estate without a Will can become complicated, costly and time consuming. When should your will be renewed? Generally, if any of the following circumstances change, your will may require renewal: Divorce or marriage, a name change, if anyone named in the will has changed their name, an executor or beneficiary dies, property bequeathed is sold or purchased, or if you have children.

What are the legal costs? Fees for drafting the necessary documents depend on an attorney's experience, the complexity of the situation, and the amount of time spent counseling clients and preparing documents. A will is one of the most important documents you will ever make. Without

professional advice in preparing a will, you could unintentionally leave very complex, complicated and unresolved issues behind for your loved ones to resolve.

The Ellsworth Legal Office help. Providing a free service and advice on whether you'll need a new will, ensuring your will is valid, property prepared, signed and witnessed, so your wishes are clearly expressed, and that adequate provisions are made for your children, spouse, or other family members so that any potential challenges to your will are minimized.

To schedule an appointment to have a Will drafted or if you have legal questions, please call the Ellsworth Legal Office at (605) 385-2329.

Health And Wellness Center

Food for thought: Did you know that losing just five to ten percent of your body weight can improve your blood pressure, cholesterol, or diabetes? A good way to start losing weight is by moving more and eating less.

Interested in quitting tobacco?

Quitting tobacco is one of the most important things you can do to improve the quality of your life! You will live longer and feel better. Quitting will lower your chance of having a heart attack or cancer.

The people with whom you spend your time will be healthier, especially your grandchildren or family. You will have extra money to spend on things other than tobacco.

The Ellsworth HAWC and the 28th Medical Group have teamed up to assist you in quitting tobacco. This is a free service offered to retired military and their dependents. To get started quitting or for more information, please call the HAWC at (605) 385-2349.

Commissary

The Defense Commissary Agency operates a worldwide chain of commissaries providing groceries to military personnel, retirees and their families in a safe and secure shopping environment. Authorized patrons purchase items at cost plus a 5 percent surcharge, which covers the cost of building new commissaries and modernizing existing ones. Shoppers save an average of more than 30 percent on their purchases compared to commercial prices – savings worth about \$3,400 annually for a family of four. Don't miss our next Ellsworth Commissary Warehouse case lot sale on Sep 14 –16, 2009. Go to <http://www.commissaries.com> for local sale information, store direction, hours, phone

numbers, and updated Store personnel. Expand savings with coupons. Sign up for the Commissary Connection either on line or at your Commissary at the Coupon counter to your left when you enter the store and you will receive newsletters delivered via E-mail.

Your E-mail address is all that is required.

Casualty Assistance:

The casualty assistance office provides assistance to family members of deceased active duty personnel and retired military members. Assistance includes applying for benefits related to the member's military career and general information about Survivor Benefit Plan, Social Security Office, and Veteran's Administration. When a retiree dies, his or her death needs to be reported to the Casualty Assistance Office as soon as possible. An initial report of death will be

completed from information taken over the telephone and reported to DFAS-CL (Retired Pay Center). Once the Death Certificate is obtained, the next-of-kin or beneficiary should contact the casualty assistance office at a base near you for an appointment. The appointment will take an hour and will be conducted in a private office. For further information, contact the Ellsworth AFB Casualty Assistance Office at (605)385-4663

Survivor Benefit Plan

Remarriage has impact on SBP coverage

A retiree who is providing Survivor Benefit Plan coverage for a spouse or a spouse and child will have the monthly coverage cost suspended if those beneficiaries become ineligible for coverage. A spouse loses eligibility on the date of divorce, or death. Children are eligible until age 18, or 22 if a full-time student. Marriage or military service at any age terminates a child's eligibility.

Retirees who remarry and have suspended their spouse-only or spouse and child coverage have the following options:

1. Spouse coverage can resume as before. By law, the new spouse will automatically become the eligible beneficiary at the same level in effect for the previous spouse, adjusted by cost-of-living increases, on the first anniversary date of remarriage, or when a child is born as legal issue of the marriage; however, **it is the member's responsibility to notify the Defense Finance and Accounting Service of the new marriage to prevent loss of options or premium debt accrual.**

Here are the other SBP options after a post-retirement remarriage:

2. Increase coverage (base amount) up to and including full retired pay. If a retiree selects this option, he or she must pay the difference between the SBP costs previously paid and the costs which would have been incurred if the new level of participation had been originally elected, plus interest. Any increase in premiums, with interest, must be paid before the first anniversary of the marriage. Payment of these premiums and interest must be completed before the spouse

qualifies as an eligible beneficiary or the election increasing the coverage will be null and void.

3. Elect not to resume the spouse portion of coverage before the date the spouse becomes an eligible beneficiary. Elections under this option are effective upon receipt; however, notification must be received before the date that the spouse becomes an eligible beneficiary or the spouse coverage will automatically be resumed at the level of coverage for the previous spouse plus any cost-of-living increases.

Election of either Option 2 or 3 above must be done before the first anniversary of the remarriage.

Notification of intent to select one of the above options must be accomplished by completing a DD Form 2656-6, Survivor Benefit Plan Election Change Certificate. This certificate, along with a copy of the marriage certificate, should be mailed or faxed (one or the other method, not both) to the Defense Finance and Accounting Service as soon as possible after remarriage. The mailing address is provided in the

instructions on the DD Form 2656-6 and the fax number is 800-469-6559.

Failure to notify DFAS well before the first anniversary will restrict a retiree's options and may result in a debt for SBP premiums to begin accumulating.

For more details, call DFAS at 800-321-1080 or contact the Ellsworth Survivor Benefit Plan Counselor at (605) 385-4663

28th Medical Group

The 28th Medical Group will be closed to beneficiaries on the following 2012 dates, during which the TRICARE Services Center should also be closed.

Dates: 4 July, 3 September, 8 October, 12, 22 & 23 November and 24 & 25 December.

TRICARE

Your health benefits are managed in accordance to your demographic and eligibility information in the Defense Enrollment Eligibility Reporting System (DEERS). The DEERS system is where you get your identification card and where to update and keep current your mailing address, your phone number, your marital status, your date of birth, and your sponsor's information. When Congress adds or modifies one of the TRICARE benefits, the benefit will be applied and processed in accordance to the information DEERS contained in the system. Pass this information on to a friend who may not have access to the internet or who may not get military retiree newsletters, or to their guardian. To get information on how to update your DEERS information, please contact the Military Personnel Element in the Ellsworth Rushmore Building or call (605)385-2427. Another option is to stop by your local TRICARE Service Center located in the 28th Medical Group Clinic; their office hours are Monday – Friday 07:30 am-16:30 pm, no appointment is necessary, and they do not close for lunch. The 28th Medical Group Clinic is closed until 08:00 every 1st and 3rd Thursday as well as at 12:00 on the 3rd Wednesday afternoon of each month for mandatory training. Please mark this information on your calendar so you know to refill your prescriptions early.

FAMILY HEALTH CLINIC

The Family Health Clinic assesses and treats patients enrolled to the clinic ranging from birth to 65 years old. Every patient will be assigned a Primary Care Provider (PCP) who will be either a Family Practice Doctor or a Physician Assistant who will be the primary person working with you and your healthcare needs. Each Provider has an assigned Registered Nurse and medical technicians who you may be speaking with when you call the clinic.

Making an appointment:

To make an appointment with your Primary Care Provider contact the 28MDG appointment line at 385-6700. All acute medical concerns will be scheduled with-in 24 hours of when you call; all routine medical concerns will be scheduled with-in 7 days of your call; all Well exams or physical exams will be scheduled with-in 28 days of your call.

Telephone Consults:

Call the 28 MDG appointment line at 385-6700 to leave a telephone consult message with your PCP. You can expect a call from your care team within 1 duty days for non-urgent issues such as medication refills and lab results. Telephone consults for urgent healthcare needs will be answered as soon as possible. All telephone consults are prioritized by qualified nurses or healthcare providers.

Emergency Healthcare Authorizations:

It is not necessary to request authorization to seek care from an emergency room for true medical emergencies; such as medical issues that threaten your life, limbs or eyesight. Call 911 or seek care at the closest Emergency Room (Rapid City Regional Hospital ER is closest to Ellsworth AFB). After being treated at the emergency room leave a telephone consult with your PCP on the next clinic business day to avoid any possible fees associated with your emergency care. Any necessary follow-up referrals with a treating provider can be requested at that time by your medical care team.

After Hours Care:

To access medical care after normal duty hours call 385-6700 and follow the prompts. The MDG answering service will forward your contact information and medical symptoms concerns to the on-call provider. The on-call provider will contact you to answer your urgent medical symptom questions and make recommendations for care ranging from home care instructions to referral to an emergency room or urgent care facility.

Obstetrical/Gynecological Care:

All obstetrical care is provided by our civilian counterparts in Rapid City. The 28MDG Women's Health Clinic provides routine gynecological care including, but not limited to, contraception services and preventative screening. If you think you are pregnant the clinic has a walk-in pregnancy test available (0700-1100 & 1300-1530) and will start the OB process.

Walk-In Clinics (0700-1100 & 1300-1530) No appointment needed!!!

Sore-Throat – If you have a sore throat and want to be screened for strep (if test is positive – appropriate medications will be prescribed at that time.

Pregnancy Tests – If you think you are pregnant and want to be tested *you must be 2 weeks late for your menstrual cycle or have a positive home pregnancy test – if the test is positive we will generate a referral to an off base OB provider.

Suture Removal – If we or another provider placed sutures we can remove them without an appointment.

Urinary Tract Infections – If you think you have a UTI and are a female over the age of 18 you can walk in and we will order the urinary analysis and treat as appropriate.

Depo Injections – If a provider at the 28th Medical Group has prescribed Depo-Provera birth control, you can walk in for follow-up injections.

Address Change Procedures

Individuals with Internet access: People with My Pay accounts may change their address on the internet by going to <https://mypay.dfas.mil/mypay.aspx>, entering their personal identification number and then changing their correspondence address. Because there are other changes that can be made electronically, retired members and annuitants are encouraged to go this route. Those without a PIN should use the same WEB site and request a PIN which will be sent through the mail in a short time. Retirees receiving, or entitled to receive, retired pay, including retirees whose pay (part or all) comes from Veterans and Affairs or from Civil Service (because of combined federal service).

Should send their change of address to:
DAFS, US Military Retirement Pay, PO Box 7130,
London KY 40742-7130
This may also be accomplished by calling toll free (800) 321-1080 or commercial (216) 522-5534. The fax number is (800) 469-6559. Include your social security number and sign your request when mailing or faxing.
Those surviving spouses who are receiving, or entitled to receive an SBP/Retired Serviceman's Family Protection Plan annuity (this includes surviving spouses of retirees who were enrolled in SBP but who are receiving Dependency and Indemnity Compensation in lieu of the SBP) must send a change of address to:
DAFS, US Military Annuitant Pay, PO Box 7131,
London KY 40742-7131

Non-SBP/RSFPP Annuitants

Non-SBP-RSFP annuitants who are registered to receive the Afterburner, News for USAF retired personnel (but who may or may not be receiving a DIC pension from the VA), mail the new address and include the sponsors retired grade and SSN to:

Service Benefits Available for Survivors after Death of a Retired Member

The loss of your loved one does not mean an end to certain military benefits and privileges you now receive. You may continue to receive medical care at medical facilities of the uniformed service, in select former public health hospitals designated by the Department of Defense as uniformed service treatment facilities and civilian inpatient and outpatient care, subject to limitation as determined by medical authorities. You may use the commissary, Base Exchange and morale, welfare and recreation activities, which includes theaters at bases where these facilities are available. Although every effort is made to provide these benefits and privileges, at some installations the facilities may be adequate only for the assigned

military personnel and their eligible family members. In such cases, the commander of the installation has the right to deny you the use of those facilities. In some overseas areas, the use of service benefits and privileges may not be extended to families of deceased members due to agreements entered into between the United States and the base country. If you plan to travel or live abroad, let your casualty assistance representative (CAR) help you determine the benefits and privileges available in the country where you plan to live. To determine if you are eligible for any of the service benefits and privileges mentioned, read the brief discussion of each below.

TRICARE FOR LIFE AND OTHER HEALTH INSURANCE (OHI)

If you have OHI, by law, TRICARE will process your claims only after all OHI's have processed the claim. After your OHI and Medicare process your claim, you need to file a TRICARE claim with Wisconsin Physicians Service (WPS) TFL (the TFL claims processing contractor). For detailed information on how to file a claim, please visit TRICARE Web site at

<http://www.tricare.mil/mybenefit/ProfileFilter.do?uri=%2Fhome%2FMedical%2FClaims>.

If a beneficiary receives a service that is not covered by Medicare such as prescription medication, TFL follows TRICARE's other health insurance rules in determining what portion to pay. The beneficiary may need to file a claim with WPS TFL. TRICARE pays either the amount it would have paid as the primary plan or any remaining beneficiary liability after all OHI has paid, whichever is less.

THE BEST KEPT SECRET IN SOUTH DAKOTA

It's the State Veterans Home in Hot Springs where the state provides comfortable and independent living with medical support for eligible veterans and their spouses, widower or widowers. Do you

know of a veteran living in what you consider substandard conditions? Or one living alone and lonely? If this sounds like someone you know, there is an alternative. The Veteran's in Hot

PROCESSING CLAIMS INFORMATION

As a dual-eligible beneficiary entitled to Medicare Part A, and enrolled in Medicare Part B you do not need to submit a paper claim. Medicare pays its portion for Medicare covered services and automatically the claim to WPS TFL for processing. If you have other health insurance (OHI) your claim will not automatically cross over to TRICARE. You will need to file a claim with WPS TFL. Submit summary notice along with a TRICARE paper claim and your OHI's Explanation of Benefits (EOB) statement to: WPS/TFL P.O. Box 7890 Madison, WI 53707-7890.

For more information of assistance with TFL, please call WPS TFL at 1(866)773-0404. If you need further information regarding your Medicare benefits, call 1-800-Medicare / 1(800)633-422
